## Happened

### Book Launch in Recife/PE

On September 5, Edison Fontes, a partner at Nucleo, was in his homeland Recife for the launch of his book "Clicando com Segurança" (Clicking with Security). The event took place in the Paço of Customs Culture Library and had the presence of friends and various organizations in the city representatives. "This book presents everyday concerns of Information Security for individuals and for organizations. It was written for an audience that uses the information in their day to day and also for the professional connected to information security", said Fontes, "each written text carries one experience and theoretical concept", complemented. In the photo, an autographed copy of the book for Claudio Alcoforado, CIO of the Sistema Jornal do Comercio de Comunicacao (Trading System Journal of Communication).

### Security Brazil Congress

The Federation of Industries of Sao Paulo - FIESP promoted on September 12 the 2011 Security Brazil Congress, to discuss the actions in the area of public security for the FIFA World Cup [2014] and Olympic [2016]. Structured around a large conference, the event was attended by government officials, experts, technicians and security officials from Brazil and abroad, that assisted in the definition of a strategic agenda to be adopted by the 12 host cities before, during and after events. The most recurrent theme was the need for cooperation between the various bodies responsible for state and national security, so that actions are planned and carried out together and achieve the expected results. Part of the Nucleo team attended the event and was able to follow the topics discussed.

### ASIS 2011

More than 20,000 security professionals from 104 countries attended the 57th ASIS International Annual Seminar and Exhibition, held in the famous touristic city of Orlando, between September 19 and 22. Covering over 230 square meters of the Orange Convention Center, about 731 companies showed a wide range of security solutions, especially for innovations in access control based on IP technology for video surveillance. In addition to several integrators and service providers, CFTV, alarms, biometrics and other security solutions providers attended the event. A special seminars program was also offered for young professionals and women in the security area. Several experts from Brazil were present at the fair, including the Nucleo director, Igor Pipolo.

### CIBSEG 2011

The Brazilian Intelligent Security Circuit (CIBSEG) ended the 2011 season, after a long journey through the states of RS, PE, PR, SP and MG. The event provided over 100 hours of meetings and safety studies, releases presentations from manufacturers, business generating, suppliers and customers approach, with the participation of approximately 590 professionals. "The event mark was the practical content generation the sharing of technical expertise, becoming a landmark to the domestic security market", commented Michel Pipolo, speaker at the event and shareholder at Nucleo. The picture shows the speakers Michel Pipolo, Sandro Neves, Marcos Sousa e Emir Pinho, celebrating in BH the challenge success of traveling through Brazil. Look forward to the CIBSEG 2012: new formats, new realities, new techniques!

Movie Suggestion

**Name:** "Felon"  
**Country:** EUA

**Direction:** Ric Roman Waugh  
Drama/104 min.

**Year:** 2008

**Commented Synopsis:** The movie tells the story of a loving family middle class father, with a promising future, which sees his business success and makes plans for the future with his wife and son. Unexpectedly he is convicted of manslaughter for the accidentally killing of a man who broke into his house with the intention of stealing, threatening the security of his home. He struggles to survive the violent penal system which condemns him to spend three years in a maximum security state prison, where the rules are not the same as in the society. In prison, only the strongest survive. "The story is an involving drama, thoughtful and impressive! The movie shows a great duality, a good and honest man convicted of a felony for just trying to protect his family". **Marcela Florian**
